Coverage for Your Industry Risks

The ERIE Custom Collection® Program for Auto Services is a suite of products and services designed to give your shop the protection it needs—and the peace of mind you deserve.

In addition to standard property and liability coverages, the program offers many industry-specific coverages¹ such as:

- Damage to your customer's vehicle while it is in your care.
- Coverage for the cost of a replacement product that wasn't installed properly and any damage to your customer's vehicle that was caused by the improperly installed product.²
- Coverage for the labor, parts and material costs associated with repairing faulty work.

You can also purchase separate policies for workers' compensation³ and business auto coverage.
