

THE ERIE Custom COLLECTION® PROGRAM

Professional Offices

Coverage for Your Industry Risks

The ERIE Custom Collection® Program for Professional Offices is a suite of products and services designed to give your business the protection it needs—and the peace of mind you deserve.

In addition to standard property and liability coverages, the program offers many industry-specific coverages¹ for:

- Loss of income if your business operations are partially or totally suspended for a period of time after a covered loss.
- Extra expenses you incur to minimize the interruption of business (such as renting a replacement office space) after a covered loss.

You can also purchase separate policies for workers' compensation,² business auto, business umbrella and business life solutions.³

Claims Service You Can Count On

With claims offices located throughout our territory, ERIE has built a reputation for fast and reliable service. You can count on ERIE and your agent to help your business recover quickly if you ever experience a covered loss. We care about our customers and want them to have the best experience possible.
